## RECALL OF OPTIMUS GEMINI

September 2022

Katadyn Produkte AG is recalling its Optimus Gemini portable 2-burner gas stove (OPT8020872) due to an internal part of the gas regulator component as it may have a burr that could wear or tear a hole in the seal, causing gas to leak out of the back of the regulator, posing a fire hazard.

Stop using the Optimus Gemini stove affected by this recall immediately.

**Photo: Optimus Gemini (Article Number : OPT8020872)**

The Optimus Gemini was sold between January 2021 to August 2022. The recall affects all stoves.

If you know anyone who owns or uses an Optimus Gemini stove, please share this important information with them.

All information on the Optimus Gemini portable 2-burner gas stove recall can be found here - <https://www.katadyngroup.com/de/en/recall>
